

CISR Insuring Personal Lines Miscellaneous

This course addresses the exposures created by watercraft, recreational vehicles, and business activities often encountered when working with personal lines clients. Prompting your client to identify these exposures is crucial, because the ISO Homeowners and ISO Personal Auto Programs provide only very limited coverage. You will be better able to design the appropriate coverage for these exposures. The course will also provide an analysis of the important coverage offered through personal umbrella or excess liability policies. Topics include: Watercraft Exposures & Coverages, Recreational Vehicles, Business Activities of Personal Lines Clients and Personal Umbrella/Excess Liability.

PLEASE NOTE: It is not mandatory, but highly recommended that students taking CISR Personal Lines Miscellaneous have already taken CISR Personal Residential or have a working knowledge of the Homeowners Policy Form.

Webinar times: 8:00 a.m. – 12:00 p.m. Phoenix time on both days. Please be sure to register before April 8th.
