

CSR Elements of Risk Management

Insurance professionals need training in the risk management process for two reasons. First, insurance is an integral part of their client's overall risk management program. Second, services provided by carriers, agencies and brokerages are often significant items in the organization's cost of risk. In this eight-hour course we will cover each of the five powerful steps in this process, which protects not only the organization's assets, but also its mission and its brand.

Topics include: The Risk Management Process & Risk Terms, Risk Identification, Risk Analysis, Risk Control, Risk Finance, and Risk Administration. Class times: 7:45 a.m. – 4:00 p.m. Optional exam: 4:00 p.m. – 5:00 p.m. Lunch will be provided.
